FORGED WITH STRENGTH. DEFINED BY DURABILITY.

2019 DEEP-V CATALOG

# FORGED WITH STRENGTH. DEFINED BY DURABILITY.

## REFINED PERFORMANCE. LEGENDARY INNOVATION.

Step inside any Crestliner Deep-V model and you'll be surrounded with innovation that pushes boundaries. Strong family values and a hard-working mentality shape our boats. Our craftsmen forge unrivaled strength into every all-welded aluminum hull we make, so you can trust your Crestliner for generations to come. A unique legacy of delivering extreme durability and fishing innovation is our commitment to you. It's a pledge to ensure your total satisfaction on the water.

# BUILT TO ENDURE.

The heart of every Crestliner boat is built with premium materials by skilled craftsmen. Our legendary all-welded hull is built with thick, high-quality aluminum using a meticulous welding process to deliver a durable, long-lasting and top-performing boat.

## 1 LEGENDARY FOUR X HULL

We use a meticulous welding process to define and create our legendary Four X Hull. Four sheets of premium-grade aluminum are interlocked together and seamlessly welded to create a solid, one-piece hull. The result is a smooth, flawless design that slices through water and big waves with minimal drag.

## 2 INTERLOCKING TONGUE-AND-GROOVE CONSTRUCTION

Crestliner utilizes model-specific jigs and a unique interlocking tongue-and-groove construction process. Welders employ the most advanced continuous-seam welding process to fuse together the panels of the Four X Hull with precision, creating a one-piece bonded hull that delivers unmatched strength and durability.

## 3 EXTRUDED FULL-LENGTH KEEL

No other area of the boat is subject to more punishment or is more important to overall performance than the keel. That's why we integrate a thick extruded full-length keel from bow to stern, providing maximum strength and durability, as well as added boat control at any speed.

## WORK-HARDENED SIDE WALLS

The shape of Crestliner's sidewalls are purpose-built. By employing a series of subtle bends across the entire length of the hull, the side walls become stronger and more rigid. Known as work-hardening, the process adds tremendous strength and allows Crestliner boats to battle big water with confidence.

Not all processes, features and statements apply to every Crestliner boat model.

## DOUBLE-WELDED, WOOD-FREE TRANSOM

The transom of a boat is subject to tremendous forces and must harness the torque of today's powerful engines. For this reason, our transoms feature a double-welded design and a welded seam both inside and out. To ensure durability, Crestliner employs wood-free composite transom on most boats.

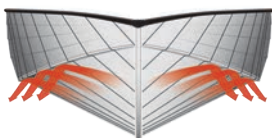

## SUPERIOR STRUCTURAL INTEGRITY

Underneath the floor of a Crestliner is an intricate stringer foundation that supports every inch of the boat, ensuring a safe, smooth ride.

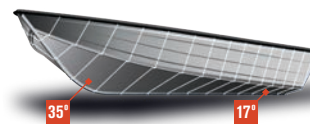

## REVERSE CHINE DESIGN

Reverse chine with integrated spray rail design forces water down and away for a drier ride.

## VARIABLE DEGREE DEADRISE

Variable degree deadrise allows for instant planing and unmatched stability.

## THE **CRESTLINER** ADVANTAGE

### ENDURING QUALITY

At Crestliner, integrity and passion drives every decision, from the builders who make the boats to the anglers who use them. We take pride in our generations of engineering innovation—designing boats that last generations too.

# 11 CONSECUTIVE CSI AWARDS

## LIMITED LIFETIME WARRANTY

Crestliner was the first to offer a limited lifetime warranty on all mainseam welds and a 3-year bow-to-stern warranty on virtually everything else. Then it got better—allowing Crestliner's warranty to transfer to future owners. (See warranty for details.)

(Warranty differs on CR Jon and Outreach boats)

CRESTLINER STUDENT PROGRAM

Members of the Elk River High School Bassers  
with Crestliner Pro Staff Members

# A DAY ON THE WATER WITH THE NEW FACES OF ANGLING

Look closely next time you're on the water and you might notice the average age of anglers starting to skew younger and younger. This new generation of anglers has been helped greatly by the explosion of newly formed high school and collegiate club angling teams focused on bringing the competitive side of angling to a younger age group.

"The growth has been exponential," said Todd Shatusky, who coaches the Elk River Bassers in Elk River, Minn. "This year, we have 12 anglers."

It all started with two kids. The core group quickly increased to 12, and there are no signs that the growth will slow. The Elk River High School Bassers—although not officially affiliated with the high school—are part of a growing trend of high schoolers who are side-stepping traditional high school sports and instead, jumping at the chance to fish competitively.

"We're excited to help the next generation of anglers get their headstart in the industry."

Rylee Schiller, a freshman at Elk River High School, heard about the angling team from teammates on his baseball team. After a season on the fishing team, he decided to drop baseball to focus on angling. "I used to play baseball, but now I go fishing pretty much every day," said Schiller.

In 2009, Illinois became the first state to officially sanction competitive high school angling, and the last nine years have seen rapid growth in the sport, with yearly regional, state and even national-level tournaments taking place now.

Sophomores Gavin Melcher and Logan Huewe have fished together as teammates for the past two years and secured themselves a fourth-place finish at the Minnesota State Tournament last year. That placement awarded them a chance to compete at the prestigious Mossy Oak Fishing Bassmaster High School Series National Championship held at Kentucky Lake in Paris, Tenn. The tournament draws over 300 of the best high school teams from across the country.

Crestliner recognized the growth in student angling and jumped at the chance to help support high school and collegiate teams with the launch of their Angling Aces Program. "We're excited to help the next generation of anglers get their headstart in the industry," adds Crestliner Marketing Director Lori Kneeland.

Angling Aces is designed to help students pursue a lifelong love of fishing and conservation by providing them with scholarship opportunities, team jersey purchase programs and a discounted boat buying program. The program encourages students to look into potential outdoor industry careers by promoting industry connections, higher education opportunities and unforgettable experiences on the water.

Learn more about the Crestliner Angling Aces program and follow the action today at [Crestliner.com](http://Crestliner.com).

**NEW**

## THE NEXT GENERATION OF FISH HAWK HAS ARRIVED

New for 2019, our best-selling Fish Hawk lineup has been redesigned, setting yet another new benchmark in pure fishing performance from bow to stern.

### Highlights Include:

- New Console Design Holds up to 12" Electronics
- New Jump Seat Option
- New Gunnel Design
- More Rod Storage

## NEW FOR 2019

### MERCURY® ENGINES

Crestliner offers Mercury's new industry-leading line of Verados®, Pro XS® and innovative winning FourStrokes.

### WIRELESS MOB+™ SYSTEM

The MOB+™ Wireless Man OverBoard system is an innovative, life-saving option that can be added to most models.

### SUREMOUNT ACCESSORIES

Add more creature comforts with new accessories, including rod holders, drink holders and more.

## DEEP-V OPTIONS

### NEW PAINT & GRAPHICS

Including limited edition colors. See your local dealer for details.

### SHALLOW WATER ANCHOR ON BASS HAWK

For ultimate control.

### TRAILER UPDATES

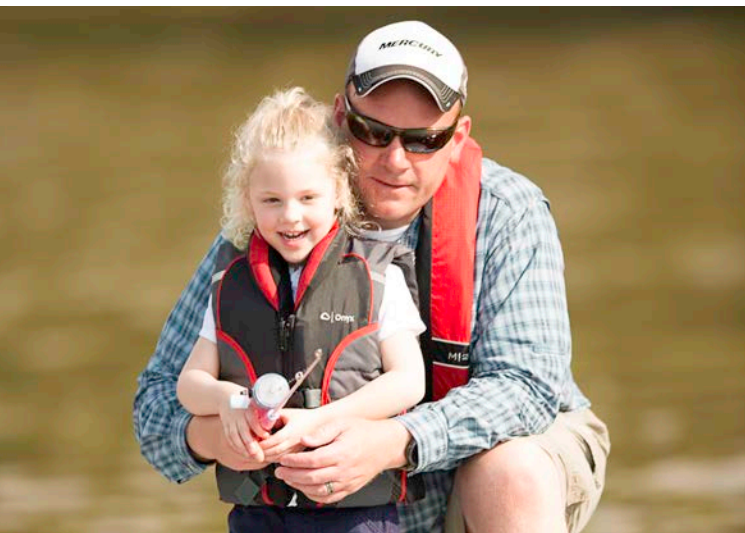

Includes ShoreArm'r coating and extended load guides on select trailers.

# SPORTFISH

## LEAVE COMPROMISE AT THE DOCK.

When big water fishing is a family affair, big fun is never far behind. That's just fine by the sleek, wide, stable and highly capable Sportfish. It sits comfortably at the top of our lineup, which means it's packed with our most innovative fishing and watersport features. Inside, you'll find a spacious cockpit with room for the whole crew. Whatever the day brings, Sportfish is ready with features like our conversion bow and available Space Saving Transom (SST). Fish or ski? Wakeboard or relax? With the Sportfish, the answer is always "yes and yes."

## KEY FEATURES

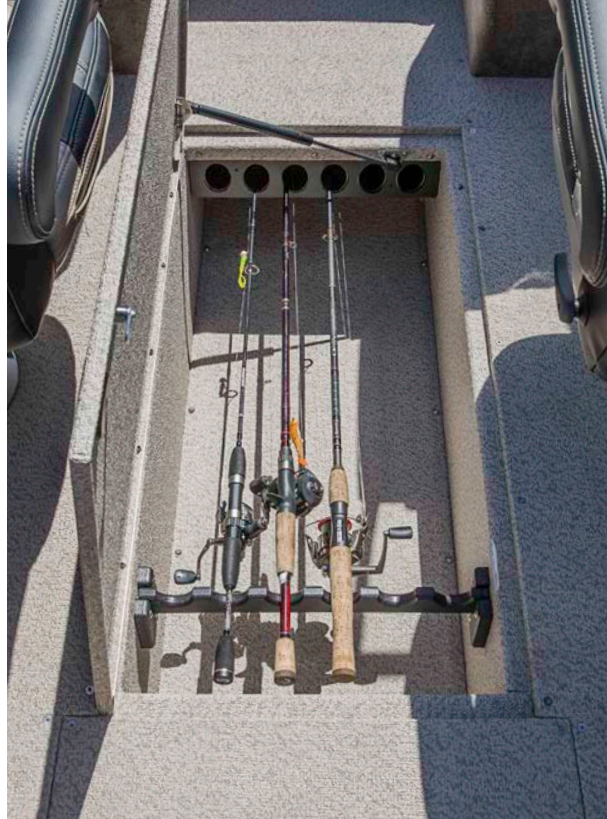

### FEATURE-RICH HELM

The feature-rich helm station features stitched vinyl-wrapped panels, a Boss® stereo with USB charging port, Bluetooth® capability and chrome gauges.

### RECLINING CAPTAIN'S CHAIRS

Optional reclining helm and passenger captain's chairs with dual armrests and supple cushioning are a popular choice among anglers who value comfort.

### IN-FLOOR ROD/SKI STORAGE

The high-capacity center in-floor storage locker provides ample space for all your watersports gear or rods up to 8' in length.

### VINYL-WRAPPED PORT ROD STORAGE

Innovative vinyl-wrapped port rod storage with topside cubby tray holds four 7' 6" rods.

### STERN CASTING DECK

Large stern casting deck accommodates two pedestal seat bases, storage compartments and a livewell.

## KEY FEATURES

# NOW, THERE'S TRULY NO EXCUSE FOR TURNING IN

Let's cut to the chase: fishing is often what keeps you up at night. Ironically, it's what gets you out of bed too. This is what makes the Authority the perfect big water fishing partner. The bigger the body of water, the more potent it becomes. Its open layout and wide, stable deck has a knack for soothing whitecaps and taming nasty chop.

## PREMIUM CONSOLE DESIGN

An ergonomic wrap-around console accommodates multiple electronics, with both consoles featuring convenient storage compartments below.

Team Crestliner Members Bernie Keefe, Jason Durham & Colby Gallagher in the 2250 Authority

### PORT & STARBOARD WINDSHIELD WIPERS

Attack the elements in full confidence with optional port and starboard windshield wipers.

### VERTICAL ROD HOLDERS

Never fear being under-equipped with this set of six optional vertical rod holders to keep your rods and reels secure.

### STARBOARD STORAGE

With two enclosed compartments and shelf storage, there's endless stowing space for even the most gear-heavy anglers.

### BOW & STERN LIVEWELLS

The aerated 15-gallon bow and 20-gallon stern (shown) livewells make the perfect home for big water fish. When dry, their insulated walls hold plenty of ice to keep fish fresh.

# FISH HAWK

## A PROVEN WINNER WORTH COUNTING ON.

Meet the next generation Fish Hawk family—a new benchmark in fishing performance and innovation that raises the bar for others to follow. We listened closely to anglers and took everything you love about the Fish Hawk to make each new model even more enjoyable to fish from. A new gunnel design frames up a roomy interior. An innovative new console accommodates today's most high-tech electronics. There's even a new jump seat configuration that adds both fishing space and passenger comfort. And those are just the highlights. It's no wonder the Fish Hawk is our best-selling and most popular model family. Get more of everything you demand on the water in any 2019 Fish Hawk model, including the all-new 1650 Fish Hawk, which joins the 1650 SE to give you a choice between two capable 16-foot models.

# PRO TILLER

## PRECISION CONTROL ON A MISSION.

The Pro Tiller puts every fishing essential within arm's reach to give you precision control when trolling and casting. With a wide open deck and tons of storage, it's a boat on a mission to help you catch fish.

Jason Mitchell, host of *Jason Mitchell Outdoors* in the 1850 Pro Tiller

## KEY FEATURES

### COMMAND CONSOLE

The durable, intuitive command console puts an electronics tray, drink holders and tackle storage all within the driver's reach.

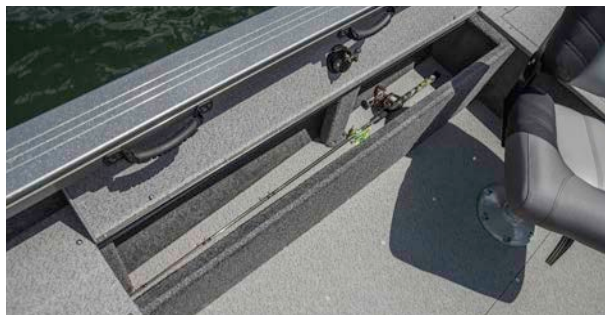

Pro Staff Member Matt Breuer in the 1650 Pro Tiller

### AMPLE BOW STORAGE

The Pro Tiller's bow has several large storage compartments, making it easier for you to get the gear you need, when you need it. (1850 shown)

### STARBOARD ROD LOCKER

Starboard rod storage holds up to 9' rods on the 1850 and 8' rods on the 1750 and 1650. Topside rod straps hold additional rods while on the move.

### AERATED STERN LIVEWELL & BAITWELL

A 15-gallon stern livewell and dedicated 2.75-gallon baitwell (1850 / 1750) are positioned within easy reach on both sides of the tiller control. (1650 includes bait bucket)

### HIGH-CAPACITY CENTER ROD LOCKER

Outfitted with individual rod tubes for protection, a spacious center rod storage area holds 10 rods and includes space for a battery and charger. (1850 shown)

# OWN THE DAY YOUR WAY.

For those who put versatility at the top of their list, meet the Vision—a multi-tool of a boat that offers limitless ways to enjoy your day on the water. With various configurations available, you can fish and play your way with the Vision.

## KEY FEATURES

### MULTIPLE CONFIGURATIONS

Multiple configurations allow you to choose the Vision that's right for you. Side Console, Dual Console and Walk-Through windshield are available on the 1700 and 1600. The 1600 is also available in a Tiller (shown).

### SIDE CONSOLE CONFIGURATION

If you know you want helm steering and mid-deck seating, the side console configuration is a perfect choice.

### TILLER CONFIGURATION

Looking for total control and essential fishing features within arm's reach, the Tiller configuration is a great choice.

### OPEN BOW DESIGN

A wide, open bow design delivers fishing features like a spacious livewell, battery storage and dual compartments to keep things where they belong. (1600 / 1600 Tiller)

### STERN DECK

The stern deck features a spacious casting deck and optional jump seats with storage below. The 1700 also features a 13-gallon livewell. (1600 shown)

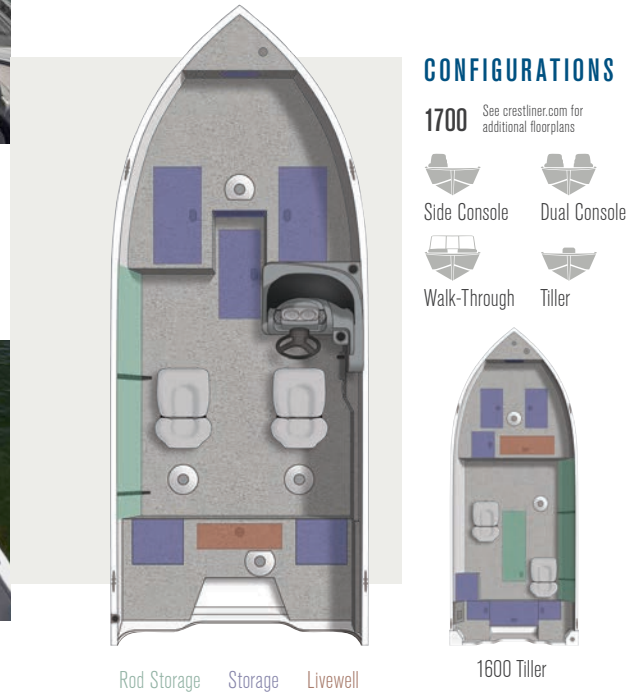

### BIMINI TOP

Stay cool on hot days with the optional Bimini top.

# FEATURES & OPTIONS

Add comfort, style, function and fun with a full range of features and options available for most boats. Visit [Crestliner.com](http://Crestliner.com) or your local dealer for complete information.

## DELUXE SEAT

The Deluxe Seat is extra wide for added comfort. The cushioned backrest conveniently folds down.

## PRO SEAT

Anglers on long treks will appreciate the additional support of the Pro Seat.

## RECLINING CAPTAIN'S CHAIR

Optional reclining helm and passenger captain's chairs with dual armrests and supple cushioning are a popular choice among anglers who value comfort.

## BUTT SEAT

The Butt Seat gives fishermen a sturdy spot to sit or lean against when rotated 180°.

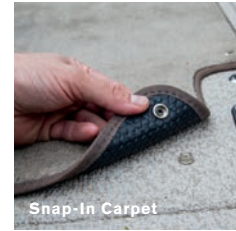

## BOW DECK PAD

The Bow Deck Pad with bolsters creates a spacious lounge area and cushioned sundeck atop the bow deck. (Available on the Sportfish and Super Hawk. Sportfish shown)

Snap-In MarineMat

Snap-In Carpet

## SNAP-IN MARINEMAT FLOORING & CARPET

Flooring options include a new mold-resistant and shock-absorbing snap-in MarineMat flooring or highly durable snap-in carpet.

## J-HOOK HAMMOCK

Relax with the innovative J-Hook Hammock with a pillow pocket. Available on Sportfish and Super Hawk. (Excluding 1650) (Hammock should be used only when the boat is at anchor or at rest and never when engine(s) is running)

## TRAVEL COVER WITH J-HOOK

The snug, custom-cut travel cover attaches securely to extruded gunnels with easy on/off snapless J-Hooks. Walk-Through models have a ratchet design system.

## SHOCK EFFECT WRAP

The Shock Effect Wrap has a dynamic look that says serious fishing.

## MAD FISH GRAPHICS

Show your Team Crestliner love while showing the competition you mean business with the Mad Fish Graphics.

### REMOVABLE SKI PYLON

All types of watersports are in reach with the optional ski pylon. (Available on Sportfish, Super Hawk and Vision)

### WIRELESS MOB+™ SYSTEM

The MOB+™ Wireless Man OverBoard system's xHUB™ mounts near the console and wirelessly communicates with up to four wearable xFOB™ devices to safely cut the engine if the signal is interrupted.

### SWIM PLATFORM WITH LADDER

Throw the anchor and enjoy a swim thanks to the swim platform and ladder. (Fish Hawk, Super Hawk and Sportfish OB only)

### WASHDOWN SYSTEM

Easily hose down your Crestliner after a tough day of fishing with the heavy-duty washdown system.

### FULL CANVAS ENCLOSURE

Available options for Walk-Through models include side curtains, aft/drop curtain, suntop/ Bimini top and tonneau cover. Covers attach securely to extruded gunnels with the easy on/off snapless J-Hooks. (Ensure proper ventilation. Full canvas enclosure should be used only when the boat is at anchor or at rest and never when the engine(s) is running)

### SUREMOUNT GUNNEL ACCESSORY SYSTEM

Removable SureMount aluminum accessory brackets and mounts let you slide your favorite accessories along the gunnel for perfect placement without drilling.

\*Not all processes, features and statements apply to every Crestliner boat model.

All prices and specifications subject to change. Crestliner reserves the right to discontinue models or change prices, specifications, materials, equipment, color or design at any time without notice and without incurring obligations. Some models are shown with optional features and equipment. Outboard model weights shown in this catalog reflect the approximate weight of the boat only, and do not include weights of the outboard motor or accessories installed. All boats meet or exceed United States Coast Guard regulations, applicable American Boat and Yacht Council standards and are certified by the National Marine Manufacturer's Association. Our proven construction and its durability allow us to offer you one of the best warranties in the industry. Crestliner was the first to offer a limited LIFETIME hull warranty to the original owner. All mainseam welds are covered. Interior support construction carries a limited 10-year warranty. Plus, you get a limited 3-year bow-to-stern warranty on virtually everything else. It gets better...Crestliner's warranty is transferable! When its time to upgrade to a new Crestliner, you have the option to transfer the warranty to the second owner. (Limited Lifetime warranty differs for Outreach and CR Jon boats.) Some restrictions apply. For complete details, a copy of our limited warranty is attached to each new boat or may be obtained from your Crestliner dealer. Many boats featured in this catalog are shown with available options. See your dealer for details. Every effort was made to ensure that this information was accurate at the time of printing. Crestliner assumes no responsibility for errors in type, in print or in photos. Please follow the rules of safe boating, be courteous to others and respect the marine environment.
